Respirasi Aerob

Siklus Krebs

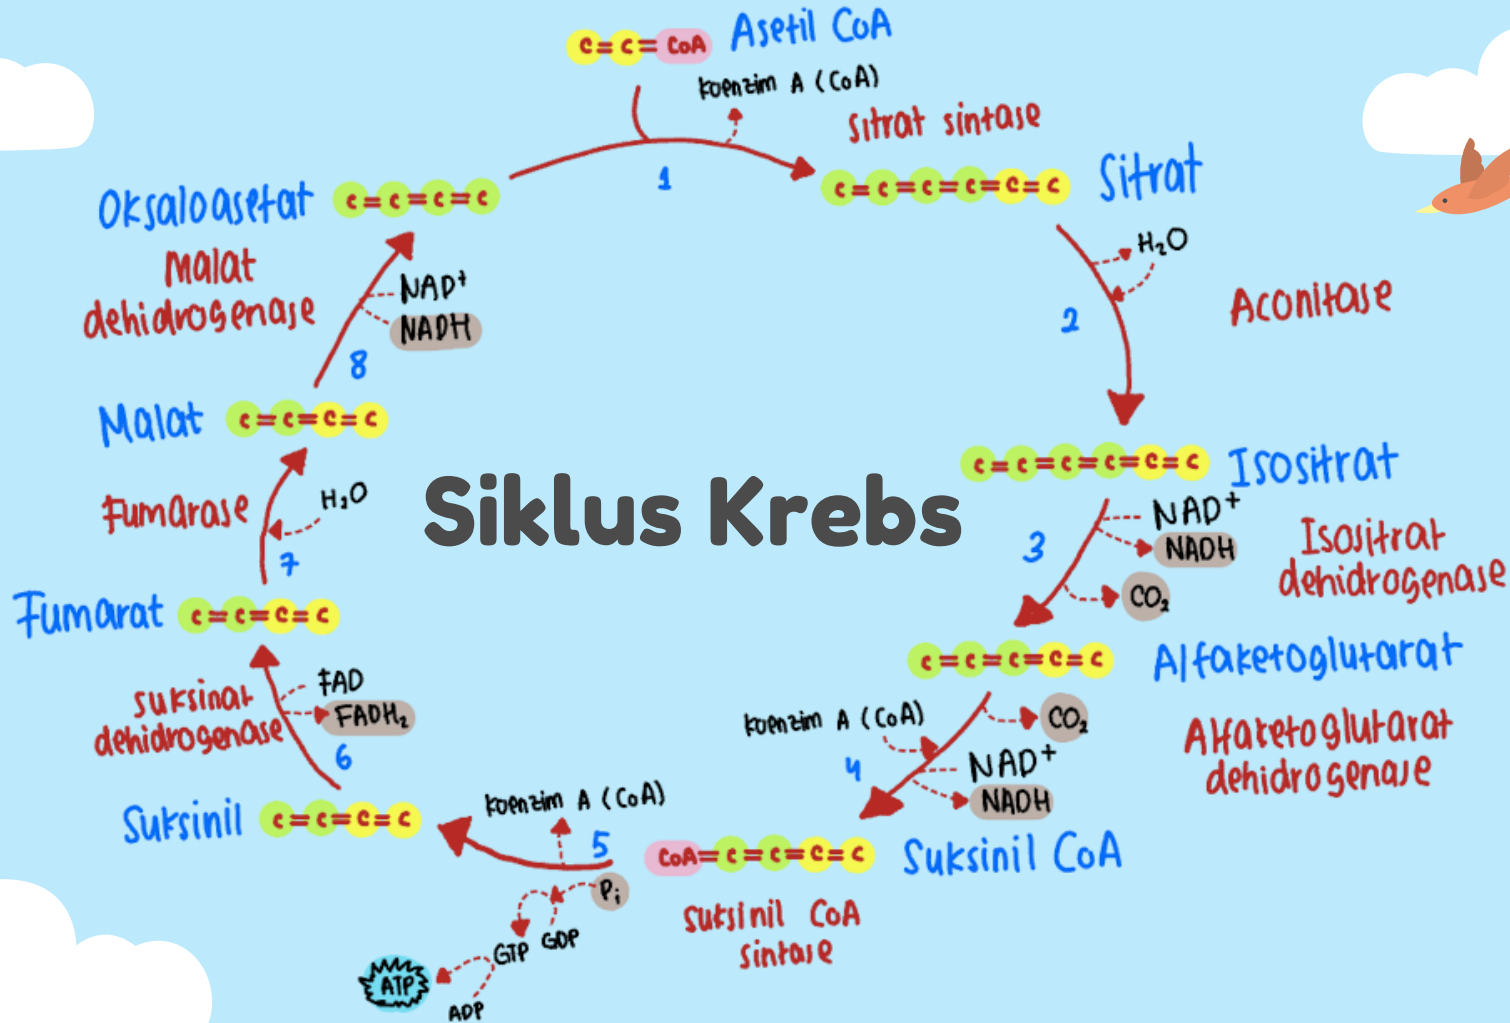

Benjo, Icha, Naully, Jansen

Apa itu Siklus Krebs?

- Runtutan reaksi dalam bentuk siklus setelah dekarboksilasi oksidatif
- Terjadi di matriks mitokondria
- Ditemukan oleh Sir Hans Adolf Krebs pada 1937

Siklus Krebs

Hasil Akhir Siklus Krebs

A stylized, flat-design illustration of a landscape. The background is a solid light blue sky. In the upper left, a large yellow sun is partially obscured by a white cloud. Another white cloud is to its right, and a third is further right. A fourth white cloud is on the left side. The foreground consists of rolling green hills in various shades of green. Several trees are scattered across the hills: some are dark green conifers, and others are smaller, rounded trees in shades of green and yellow. The overall style is clean and modern.
